PRESIDENT ROBAK PRESIDING

PRESIDENT ROBAK: (Microphone not activated.) ...Legislative Chamber. I now call the afternoon session to order. Will senators please record your presence.

CLERK: I have a quorum present, Madam President.

PRESIDENT ROBAK: Thank you, Mr. Clerk. Items for the record?

CLERK: Madam President, new bills. (Read LB 1118 and LB 1119 by title for the first time.) New resolution. (Read brief summary of LR 293.) That will be referred to Reference. Senator Maurstad has a proposed rules change to be printed. That's all that I have, Madam President. (See pages 296-300 of the Legislative Journal.)

PRESIDENT ROBAK: Thank you, Mr. Clerk. We now turn to LB 584.

CLERK: Madam President, Legislative Bill 584, a bill originally introduced by the Natural Resources Committee and signed by its members. Bill was introduced on January 18 of 1995, at that time was referred to the Natural Resources Committee for public hearing. The bill was reported back to the full Legislature with committee amendments attached. On May 11 of last year committee amendments were offered by Senator Beutler, as Chair of the committee. At that time, there was a division requested and sustained with respect to the committee amendments and I believe, Madam President, when the Legislature left the issue there was pending the first component of the committee amendments and I believe, if you will look in your bill books, the committee amendments consisted originally of AM1189. The first portion to be considered involves page...all of page 1, all of page 2 and through line 20 on page 3. Senator Beutler, I hope that's consistent with your recollection, Senator. (See page 300 of the Legislative Journal.)

SENATOR BEUTLER: Yes, sir.

PRESIDENT ROBAK: Chair recognizes Senator Beutler.
